

Good Values In Paints

A few paint manufacturers raised the price of prepared paint this spring. The Sherwin-Williams Company was one of them. It stands to reason that pure linseed oil paints must cost more than they used to with oil advanced \$6c a gallon.

Of course, those paints that are largely composed of water do not need to sell for more unless we have a very unusual drought. If you are buying paint this spring, ask for the analysis and weight per gallon rather than price, unless you really think that water is as good a preservative as linseed oil. We have about 100 gallons purchased before the raise which we will sell at 10 per cent. less than new list.

In Lawn Mowers

The chief thing to recommend a Lawn Mower is scarcely the cost. The Lawn Mower is a complicated piece of machinery, with a great many wearing points. To get one properly constructed, durable, easy running and not less, stay away from the bargain counter. Buy a "Spider."

Norwich Society Of New York City

Organized at Enthusiastic Meeting and Banquet at Yale Club—Officers Elected, Dr. Storer Being Made President.

A most enthusiastic meeting of the Norwich men located in New York City was held at the Yale Club, New York City, Wednesday evening, May 17th. The meeting was the result of an informal letter sent out by Dr. J. H. Storer suggesting a meeting of Norwich men to discuss the advisability of forming a club or association of men located in the metropolis who formerly lived in Norwich or who were identified with Norwich or the Yale Academy. Instead of there being fifteen or twenty present, as was anticipated, fifty-two attended the dinner, and dozens of letters of regret were read by those who could not be present but who thoroughly favored the idea.

Among the letters of regret was one from Poultny Bigelow.

Representative Gathering.

The company present was a most representative one and it was quickly seen that Norwich men were successfully represented in almost every walk in life.

The following dinner was enjoyed:

Canapé Caviar.
Grapefruit, Marshmallows.
Celery, Olives, Radishes, Almonds.
Clear Green Turtle Soup.
Filet of Sole, Vin Blanc.
Cucumbers en Creme.
Broiled Chicken on Toast.
Parisienne Potatoes.
New String Beans.
Sherbet au Strawberry.
Asparagus Hollandaise.
Biscuits Tortoni—Cakes.
Pommes Frites and Cream Cheese.
Bent's Crackers.
Coffee.

After the dinner was served Dr. Storer addressed the meeting and afterwards acted as chairman, with F. M. Johnson as secretary.

Calls for F. S. Jerome.

Immediately after Dr. Storer had finished his remarks there was almost a unanimous call for F. S. Jerome to address the meeting and give his views as to whether the organization should be made a permanent one, and if so, along what lines it should be organized. Mr. Jerome thoroughly approved of the idea of forming a permanent organization and later in the evening suggested that the organization be known as the Norwich Society.

Alderman Francis P. Bent called attention to the efforts of Dr. Storer and Fred M. Johnson in getting the men together and all present showed their appreciation of the efforts of these two gentlemen in starting the club by giving them a rousing cheer.

Others who addressed the meeting were Fred N. Bidwell, Dr. James A. Somers, H. P. Gates, Albert S. Bates, O. Chester Johnson, W. S. Gaylord, Frederick B. Lewis.

It was unanimously adopted that a nominating committee be formed and that the matter of drawing by-laws be left to an executive committee to be appointed by the officers. Upon motion, the chairman appointed a nominating committee consisting of the following gentlemen: Charles E. Terry, Frederick B. Lewis, Hon. Francis P. Bent, S. H. Howe, Jr., Rufus B. Burnham.

Officers Elected.

This nominating committee put in nomination the following officers, who were unanimously elected: President, Dr. J. H. Storer; vice president, Fred M. Johnson; secretary, W. S. Gaylord; treasurer, Fred N. Bidwell.

After discussion the name of the organization was left to the executive committee, subject to the approval of the members at the next meeting. Several names were suggested, such as the Norwich Society, Loyal Sons of Norwich, Rose of New England society, etc. It seemed to be the prevailing opinion, however, that the Norwich society would be the name that would finally be selected.

Letter from Poultny Bigelow.

Poultny Bigelow's letter, which was read to the meeting, was as follows:

My Dear Doctor:

Since your first letter to me I have become a married man and cannot, therefore, be with you at the opening meet of the Norwich club, much as I would enjoy such an occasion for reviving associations of the most grateful kind. It was my good fortune to be an inmate of Professor Hutchinson's family and to have enjoyed not only his rare qualities as a teacher in school, but also to have been his companion on many hunting and fishing expeditions, where he showed his marvelous capacity for meeting all the various emergencies of camping life, and made me for the first time understand that true science is the knowledge of God's great law which manifests itself in every blossom that comes out in this beautiful spring season quite as much as in any section of the conventional college curriculum. Hutchinson remains in my mind the ideal of Christian manhood—of great personal and moral courage, yet of almost girl-like modesty; a master in many lines of study, yet apparently always sharing the doubts and difficulties of his pupils.

Pardon this long letter, and should you renew the invitation in 1912 pray count upon

Faithfully yours,
POULTNEY BIGELOW, '73.

After the reading of this letter the company drank a toast to the memory of Professor Hutchinson.

Membership to Increase.

It is expected that before the next meeting the membership of the organization will increase to at least 150 and all former Norwich men now located in or about New York were requested to send their names to W. S. Gaylord, care Home Life Insurance company, No. 256 Broadway, secretary of the organization.

One of the social features of the organization will be a dinner each year.

MAY DAY EXERCISES BY WEST CHELSEA SCHOOLS.

(Continued from Page Five.)

All the nine boys of the eighth grade jumped at the standard height 3 feet 4 inches, no attempt being made to go higher.

In the three-legged race Rankin and Nagle won, and Wescher and Kreizer were second.

At archery seven girls participated. Dora Slosberg winning by getting a bullseye.

The third grade boys, five in all, had close competition in the potato race, the finish being in doubt.

The seventh grade boys made the standard of 2 feet in the running high jump, while in the shot put the standard of 21 feet for the ten-pound shot was made by the participants.

The fourth grade boys competed in a quarter-mile relay race, each carrying a flag. Mt. Pleasant won, Hish being second, West Thames third and Beart fourth. In the three-legged race for boys not over five feet, Woodman and Lane won. McMahon and Mueller being second and Markoff and Goldstein third.

So successful was the affair that it will be anticipated with much interest next year.

The fifteen beautiful paintings in the collection of William A. Slater of Washington, formerly on exhibition at Slater Memorial, Norwich, are exhibiting admiration at the National Gallery of Art at the new National Museum building.

MENHADEN OIL AND GUANO PLANT BURNED.

Big Building at Niantic Destroyed by Fire for Second Time.

The Niantic Menhaden Oil and Guano company, whose large factory was located at Glants Neck, in the town of East Lyme, is without a home, its big building having gone up in flames during Wednesday night. No exact estimate of the money loss could be obtained Thursday, but that it will amount to several thousands of dollars is certain. The building is a total loss and probably much of the machinery will be good only for the scrap heap.

The fire seems to have been first noticed soon after midnight, but it was impossible to do anything towards saving the structure, which is a large three-story building.

Fortunately, the fire occurred at a time when none of the three fishing steamers owned by the company were at the warehouse, the boats being at New London to be overhauled in preparation for the fishing season.

The whole plant is practically new, being rebuilt and re-equipped with new machinery little more than a year ago. The former plant was totally destroyed by fire a year ago last November.

AT THE AUDITORIUM.

Good Vaudeville, Moving Pictures and Illustrated Songs.

Vaudeville of a pleasing quality and variety was presented at the Auditorium on Thursday for the midweek change in programme at this popular house, and the new numbers for the remainder of the week were given a decidedly favorable reception. Nick Zeller has two pretty songs, both nicely illustrated, singing first All Aboard for Blanket Land and then With the Last Rose of Summer I'll Come Back to You.

In dark songs and novelty piano-logic, Flynnetta Munro, Dixie's dainty daughter, has a neat and tuneful turn that is cleverly done, while the two dorktown comedians, Brown and She-

Good News For Catarrh Sufferers

So many hundreds of catarrh victims who have taken the HYOMEI treatment have written us letters thanking us for publishing our method of taking the HYOMEI vapor treatment in connection with the inhaler that we gladly publish it again.

The vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes five minutes time before going to bed. Pour a teaspoonful of HYOMEI into a bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises. You will be surprised at the result of this treatment; it makes the head feel fine and clear; you will sleep better, and that stuffed up feeling in the head will gradually disappear.

This method will break up the worst cold in the head in one night. A bottle of HYOMEI costs 50 cents at The Lee & Osgood Co., who guarantee it. Complete outfit, which includes the little pocket inhaler, costs \$1.00.

No stomach dosing; just breathe HYOMEI and cure catarrh and all diseases of the breathing organs. Free trial bottle by addressing Booth's Hyomei Co., Buffalo, N. Y.

Amsterdam has three floating dry docks for repairing ships, and is building a fourth.

tel. fill out an entertaining period while they are on the stage.

The four Tokyo Japs are of the usual high order which prevails among these gymnast jugglers and contortionists from the land of the rising sun and turn off their marvelous feats in foot and hand juggling and acrobatics to big applause. For the moving picture films there is a well chosen selection for the part of the bill they occupy.
